Liberals Win Overwhelming Victory In Dominion Election

N. J. M. LOCKHART, NEW MEMBER FOR LINCOLN ELECTED ON MONDAY

Wins Constituency By Majority of 431 — A. E. Coombs, Liberal Candidate Makes Strong Run — Conservative Majority of Nearly 6,000 in 1930 Markedly Reduced — H. L. Craine, Reconstructionist And G. W. Pay, C.C.F. Candidate, Lone Deposits, Polling Light Vote.

On Monday the election of Lincoln went to the polls in unusually large numbers, over two thirds of them recording their votes. 26,884 were cast of which the newly elected member Norman J. M. Lockhart, at present Mayor of St. Catharines, received 11,467 giving him the victory and the honor of representing the riding at Ottawa for the ensuing term. His principal opponent, A. E. Coombs, the Liberal candidate, was however, not far behind, securing the large total of 10,976, the former winning by a majority of 431 in a hard fought battle. The Reconstruction candidate, Mr. Craine, secured 2,481 votes and the C.C.F. candidate, Mr. Pay, 1,230. The latter two candidates lose their deposits of \$500 which go to the government.

The vote in the city of St. Catharines was the deciding factor in the election of Mr. Lockhart who received a total of 6,124 votes in the three city wards, "against" 4,969 cast for Mr. Coombs. Mr. Pay, the C.C.F. candidate, recorded more votes in St. Catharines, 789, than did Mr. Craine of the Reconstruction party, 666.

County totals showed that Mr. Coombs was the favorite outside the city. His total vote in the county was 6,000 and that of Mr. Lockhart 5,377. Mr. Craine captured 1,785 votes in the rural section and Mr. Pay 441.

In addition Returning Officer S. J. Wilson announces the receipt of 17 absentee votes, recorded outside the riding, all of which went to Mr. Coombs.

The returns from city and county were completed shortly before 9

No Advance In Bread Prices Here

Damude Returned In Welland—Wins By Large Majority

Mr. A. Jaryla, Grimsby baker, states that the price of bread made at his bakery will remain the same at least for the present in spite of the fact that in various Ontario centres, Hamilton included, prices on bread, that is the cheaper grades, have increased one and in some cases two cents per loaf. The ten cent loaf, however, remains the same. Increases in the price of wheat and flour were given as the cause of the advance.

Library Sleeper Fined On A Drunk Charge

In county police court last week William Campbell, Clinton Tp., was fined \$17.75 on a charge of being drunk in a public place.

He went to the Grimsby public library to read on Monday. He dozed off to sleep and when closing time came police were called.

Coming Event

LINCOLN LOYALIST CHAPTER I.O. D. S. is sponsoring a Tag Day in aid of the Canadian National Institute for the Blind on Saturday, Oct. 19th. Citizens of Grimsby we ask for your cooperation in supporting this worthy cause.

Elected to the Canadian House of Commons in Monday's Election.

BIG MAJORITY GIVEN LIBERALS

Grimsby Gets 166 Seats—Total 41
—Other Parties Fall Dismally
—Party Leaders Re-Elected.

Liberalism emerged victorious in Canada on Monday. Climaxing a succession of provincial victories, the federal party under Rt. Hon. Mackenzie King captured the treasury seats at Ottawa with the biggest majority recorded since Confederation.

Reconstructionists and the C.C.F., both making its initial bid for power federally, failed dismally. Neither party elected a man met of the Great Lakes. In the event, the C.C.F. picked up a few seats, but Hon. H. H. Stevens record his party's lone victory by

Don Cosacks Chorus Win High Acclaim In St. Catharines

An enthusiastic audience greeted the Don Cosacks chorus who gave a strongly appealing program when they appeared in the Collegiate Auditorium, St. Catharines, on Saturday evening. They were accorded a welcome which left no doubt as to the favor with which they were received.

Attired in blue tunics with top hats and under the gifted leadership of their conductor, George Jaroff, they

SUBSTANTIAL AWARDS ATTRACT FINE TYPE OF CANDIDATE

New Motor Car, Trip To England And Cash Awards Are Now On Way To Being Won — Late Starters Can Win — Keen Interest Being Taken In Independent Subscription Campaign.

Up till now the activities of the candidates have been largely preparatory, but now the campaign begins in earnest. In a few short weeks those with the will to win will have become the major prize winners and other candidates will have been rewarded in proportion to their success as candidates. The first vote count showed a group of candidates who stood out a little in front of potential major prize winners. These were headed by Mrs. Lloyd Pettit, Grimsby; followed closely by Reginald Cloughley, Grimsby; J. D. Russ, North Grimsby and Charles C. Clattenburg, Grimsby. Following the first four were Frank Hurst, Erie Allen and Miss Mary Philips, all of Grimsby and H. T. Haws, of Beamsville. All of these got to a good start. Another group who have been a little slower in getting under way, but will have an equal chance of winning the major prizes are Arthur Henley, D. E. McGregor and Clarence Rushton, all of Grimsby and Harry J. Hildreth of Grimsby Beach. Miss Nellie Jacobs is an added starter and we have every reason to believe she will soon make her presence felt.

During the next two weeks it is to be expected that the eventual winners will have shown themselves as such. Vote values are much higher from now until November 2nd than they will be thereafter. This means that the time to pile up a substantial advantage in during the next fortnight.

STORYTOP

Jean Dandy of humble origin, is introduced as a social equal of Miss Georgia La Fontaine, rather than as her secretary. She meets Piers Hannan, millionaire, who forces his attentions on her. Lord Edward proposes to Jean.

ASK YOUR DOCTOR FIRST, MOTHER

Before You Give Your Child an Unknown Remedy to Take

Every day, unthinking, mothers take the advice of unqualified persons—instead of their doctors—do remedies for their children.

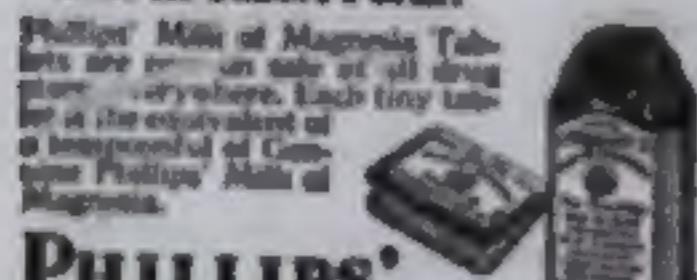

If they know what the scientists know, they would never take this chance.

Doctors Say PHILLIPS' For Your Child

When it comes to the frequently-needed "milk of magnesia," doctors, for over 50 years, have said "PHILLIPS' Milk of Magnesia—the safe remedy for your child."

Remember this—and Always Say "Phillips'" When You Buy. Your child deserves it—for your own peace of mind, see that you get it—Genuine Phillips' Milk of Magnesia.

GILLETT'S LYE SAYS

thing small or mean about Georgia. "I'm glad you are happy at last!" she said, impulsively. "I want you to do well for yourself, Jean! You're such an independent creature that nothing one could do for you would ever please you as much as what you achieve by your own efforts!"

Tears came into her proud old eyes as she added:

"You know, Jean dear, that if I had so much an unreasonable nephew and niece to think of, you would be the person to have everything I leave when I go!"

"What a brute I am not to stay here peacefully with you!" cried Joan, who was very much touched.

"Honestly, but for Piers Hannan I know I would be here with you still! It was he who really destroyed our peace of mind, George!"

They parted affectionately, without Joan having mentioned that Hannan had not been so much damned by Hooley Street as Georgia had feared. She did not want to raise any more hopes in her friend. In that direction, as she herself was so resolute in her decision to dash home.

Home again in Hooley Street, perhaps because she was tired everything seemed rather dreadful. Jimmy was coughing again and had been put to bed. Mr. Denby was out of temper and came in a little the worse for drink.

Maudie had had a row with her young man, Al Brooks, the boney; it seemed that she suspected him of taking out other girls besides herself, and though she thought nothing of making him jealous, it put her into a rage to be jealous herself.

Jean felt suddenly that the hated Hooley Street. She thought of what Lord Edward or a man like Hannan could have done to alter it. But Lord Edward, after all, would never dream of marrying her if he knew about Hooley Street, and Piers Hannan—!

She hoped and prayed that mere external things, like torn linoleum and dirt and broken stains, would never get such a hold on her as to make her give herself into the power of Piers Hannan.

"It must be very bad for a man always to do as he likes!" Jean remarked.

"Yes," agreed Lord Edward vaguely. But then he added: "Hannan is different, though. There's nobody quite like him that I know. He works very hard, and ordinarily he doesn't flitter away his energy as so many of us do. He never bothers about the London season, or Cows, or Scotland. He takes a few weeks off from his work and drives that car of his in some Alpine town. He does a certain amount of flying, too, as I expect you know. That's how he lives so concentrated, on a few things and does them thoroughly. I saw him last night at the Embassy, with another man. The lady I was with wanted Piers to dance with her, I think; but he wasn't dancing with anyone. He told me that the world would be all right but for the woman in it—I don't know why! I've never seen him so out of humour!"

Joan flushed, but she said nothing, and soon they talked of other things. But what Lord Edward said led her to hope that perhaps Piers Hannan was really disinterested, and that she would hear no more of him.

Lord Edward took her back to the Salons Celeste and there she spent another afternoon in the designing room, where she stood for two hours while an evening wrap of wine-coloured velvets was modelled on her. Afterwards she went to see Miss La Fontaine in Kion Place. Her heart was warmed by the evident pleasure with which Miss La Fontaine heard of her success there. There was no

N. J. M. LOCKHART, NEW MEMBER FOR LINCOLN ELECTED ON MONDAY

(Continued from page 1)
P. H. Avery, M.L.A., addressing the victory parade, stated that he would work with Mr. Lockhart in any joint provincial-federal undertakings.

The official count of ballots will take place on Thursday at the office of Returning Officer S. J. Wilson, Beamsville. It is interesting to note that the riding of Lincoln has had a conservative in the Dominion House for close to 46 years. A majority in 1900 of 5,862 was however, reduced on Monday to 431.

The Vote In Grimsby
The town of Grimsby voted Liberal, a conservative majority of 263 in 1930 being changed to a Liberal majority of 25. The result in North Grimsby Township, however, gave the Conservative candidate a majority of 99 as compared with 273 in 1930.

There was an increase of 22 per cent. in the number of votes cast in the town of Grimsby as compared with the election of 1930. The increase in North Grimsby was 15 per cent.

About midnight a celebration was held on Main Street opposite the post office by supporters of the victor, a bonfire being lighted while the town bell was rung for about 15 minutes.

Clerk's Notice
of First Posting of
VOTERS' LIST
(Section 12)

Voters' List 1935, Municipality of North Grimsby, County of Lincoln.

Notice is hereby given that I have transmitted or delivered to the persons mentioned in Section 7 of the Ontario Voters' Lists Act, the copies required by said sections to be so transmitted or delivered of the List, made pursuant to said Act, of all persons appearing by the last revised Assessment Roll of the said municipality to be entitled to vote in the said Municipality on the 11th day of October, 1935, and remain there for inspection.

And I hereby call upon all the voters to take immediate proceedings to have any errors or omissions corrected according to law, the last day for appeal being the second day of November, 1935.

Dated this 15th day of October, 1935.
THOS. ALLAN,
Clerk of Township of
North Grimsby.

**Interesting Events
To Farmers Taking
Place This Month**

This month is a busy one for the rural people of Lincoln County. Interesting events scheduled by E. F. Neff, agricultural representative, include: Oct. 12, West Lincoln Calf Club achievement day at Abingdon Fair; Oct. 15 to 18, International ploughing match just north of Caledonia in Haldimand County; Oct. 19, Sweet Corn Club achievement day at agricultural offices; Oct. 22nd, county livestock and farm products judging competition at St. Catharines agricultural offices; Oct. 25, Potato Club achievement day, Beamsville town hall; Oct. 26, school fair teachers' meeting, agricultural offices, St. Catharines; Oct. 26, Poultry Club achievement day, Dray's Chicken Hatchery, St. Catharines; Oct. 29, 30, and 31, Women's Institute convention, Hamilton.

**HAY AND FODDER
CROP BEST IN YEARS**

Farmers in this section say the animals will get the break this winter, as there is more hay and other fodder than for many years. Last winter because of the shortage of hay, many horses and cattle almost starved to death, while farmers were in some cases compelled to kill or sell their livestock to prevent starving.

**Town of Grimsby
ABJOURNFED TAX SALE**

NOTICE is hereby given that in pursuance of The Assessment Act (R.O. 1927, Chap. 338, Sec. 187 and amendments thereto,) and as publicly announced at the sale of such lands on October 7th, instant, the sale of lands for arrears of taxes in the Town of Grimsby is adjourned until Monday, October 21st, 1935, at 10:30 a.m., in the Council Chambers, Grimsby, where the said lands will again be offered for sale by public auction.

Notice is also hereby given that if the price offered for any land at this adjourned sale is less than the amount due for taxes, charges and costs, or if no price is offered, it is the intention of this Municipality to purchase the same for the amount due.

Grimsby, Ont., October 14th, 1935.
G. G. BOURNE, Treasurer,
Town of Grimsby.

Local Items of Interest

An international ploughing match will be held in Caledonia, October 15th to 18th in which Lincoln County plowmen will participate.

News has recently arrived from England that Leonard Page, an old boy of Grimsby High School, has won a place on the Queen's Amateur Hockey Team of London, England. One of the first games to be played this season by this team will be an exhibition game in Amsterdam, where a new rink is being opened.

The first regular Fall meeting of West Lincoln Branch, Canadian Legion, will be held in the Town Hall, Beamsville, on Thursday evening the 17th of October, at 8 o'clock and the officers expect a large attendance.

Dr. C. H. Scott, Toronto, msp. of the Baptist Home Mission will preach at the Grimsby Baptist Church on Sunday morning. Rev. Harvey Morris will occupy the pulpit in the evening. The Thanksgiving service has been postponed to a later date.

Many Grimsby and district residents were interested in the election results in the constituency of Toronto Rosedale. The Conservative candidate in that riding was Harry Clarke, a cousin of Andy Clarke of The Globe and Mrs. W. F. Randall. His father was a brother of "Uncle Bill" Clarke and born in Grimsby and Harry spent many years of summer holidaying in this old burg as a lad. He has been a prominent member of Toronto city council for several years.

Services at St. John's Presbyterian Church on Sunday, both morning and evening will be taken by Mr. Ferguson of McMaster University in the absence of the minister, Rev. L. R. Kaline who is officiating at the Anniversary services in Grand Valley.

Miss Marion McKay who spent the past six years in Grimsby left for her home in Scotland on Wednesday morning. During her residence here she made many friends, quite a number of whom were at the station to wish her bon voyage.

The regular monthly meeting of the L.O.D.E. Bridge Club will be held on Monday, October 21st, at 2:45, in the Chapter House. All members are requested to be present.

Anniversary services will be observed in Trinity United Church on Sunday, November 3rd. The morning speaker will be Rev. Dr. Lorne McTavish, M.A., B.D., of Zion Tabernacle United Church, Hamilton and in the evening Rev. Wm. Flagland, M.A., B.D., of St. Andrew's United Church, Niagara Falls, will officiate. Special music will be furnished by the choir.

The local fire department and members of the town and township council marched to St. Andrew's church on Sunday morning where they attended divine service. Rev. J. A. Ballard, the Rector, officiated.

Mr. Shag Bean who has been a member of the Independent staff for a number of years, left last week for Toronto where he has accepted a position. While in that city he will continue his vocal studies.

Thanksgiving services will be held in Trinity United Church on Sunday when appropriate discourses will be given by the Minister, Rev. E. A. Earcham, while the choir will render special Thanksgiving music.

Dominion Conservatory of Music, branch studio St. Main St. W., Grimsby, announces dancing lessons and piano classes every Wednesday commencing October 22. Watch next week's paper for full particulars.

The annual meeting of the Grimsby Business Men's Association will be held this Thursday evening in the Council Chambers when officers for the year will be selected and arrangements made for the Halloween parade.

Twenty additions and three corrections were made in the town voter's list at the Court of Revision held here on Thursday last. Judge Campbell presided.

Fire destroyed a haystack on the farm of Mike Simcock, Elm Tree Road, North Grimsby on Tuesday. Simcock, who had been absent from his farm returned to find flames shooting from the stack. He immediately ran and released the horses from a nearby barn and put in a call to the local department. The loss is estimated at \$100.

**\$400 In Jewelry Is
Stolen At St. Catharines**

Watches and rings to the approximate value of \$400 were stolen early Thursday morning from the display window of Williams Jewelry Store, St. Paul street, near James, St. Catharines.

It was 8:30 o'clock when the robbery was discovered and police are of the opinion that it had only occurred a short time before that hour. The display window was smashed in the entrance near the door, a rock held in the hand apparently being the mode of breaking. A large section of plate glass was smashed and the robber then reached in and helped himself to some ten watches and 40 rings.

DATES ARE SET

The international grain and hay show will be held at Chicago Nov. 26 to Dec. 7. Exhibits from Lincoln County farmers in the grain classes including oats, wheat, clover seed, and alfalfa may be made and assistance secured by forwarding samples to the Ontario Agricultural College at Guelph not later than Nov. 25. These will be inspected at Guelph, packed into one shipment and expressed to Chicago at no expense to the seed grower. All corn exhibits should be forwarded to Angus McKinney, agricultural representative for Keweenaw, with charges prepaid. All entry cards must reach Chicago by Nov. 10th.

**THEFT OF CLOTHING
AT WAY'S STORE**

(Continued from page 1)
suits of clothes, two overcoats, two pairs of shoes, 14 shirts, 24 pairs of socks, two windbreakers and an assortment of ties, sweaters and pants were packed into a couple of cartons and taken as far as New Toronto by the lads on bicycles, where the boys stopped for the night. Further investigation revealed that the two cycles were those taken from the Grimsby Beach school about a week ago and belonging to Charles Tweney, Jr. and Bob McClelland. They have been returned to the owners. The boys are also faced with a charge of theft laid by the provincial police.

Haas and Obinsky had been working at a local factory here.

Notice To Creditors

All persons having claims against the estate of Lewis Lyman Haver, late of Grimsby, Ontario, who died on or about the 10th day of September, 1935, are required on or before the second day of November, 1935, to send to the undersigned full particulars of their claims with dates and items verified under oath, and after that date the estate will be distributed having regard only to such claims as shall then have been received. Dated at Hamilton this 1st day of October, 1935.

National Cheese Week, Oct. 28 Nov 2

Although Canadian cheddar cheese is equalled by few and surpassed by none of the 220 different kinds of cheeses manufactured throughout the world, the Canadian people eat less cheese than most of the other great nations. For this reason, the Canadian cheese industry in 1934 promoted "National Cheese Week" in an attempt to call attention to the advantages of cheese as a food product, and Canadian at that, worthy of more general use. As a result of these efforts, the consumption of Canadian cheese in Canada increased by almost half a pound per head of population during the year, and heartened by this advance, the Canadian cheese industry has called the 1935 National Cheese Week for October 28th to November 2nd.

North America is not famous for its cheese-eating propensity. Until the half-pound advance last year Canada's per capita consumption of cheese was less than four pounds a year. The United States was slightly better with four and a half pounds. Today Canada and the United States are about equal in cheese consumption which looks small in comparison with 16 pounds per capa in Switzerland; ten pounds in France, and for the small quantity of cheese eaten in the Dominion is that it is generally served as plain cheese at the end of a substantial meal and not as the principal ingredient of an exciting main dish followed by a light dessert. Cheese is a food in itself and it can be used in cooking in many different ways. It is one of the best muscle builders for older boys and girls, as well as for adults, but when served in crude bulk it cannot be said to be universally appealing. Cheese does not lose its flavor or nutritive value in cooking, but it should be remembered that when cheese is subjected to high temperatures it is harder to digest. Eaten according to modern recipes, there can be no cause under ordinary circumstances for any digestive disturbance.

Missionaries Stick To Ethiopian Posts

Toronto.—Although they are in the danger zone, a number of Canadians are sticking to their posts as missionaries.

Dr. R. Ralph Hooper, with Mrs. Hooper and their daughter Helen, are still within five miles of Addis Ababa and are sticking to their posts.

John Truett and Dr. and Mrs. Percy Roberts are stationed at Soddo, an hour and a half by plane and two weeks by foot from Addis Ababa. Mrs. Annie Forbes of Toronto said today she had heard from Mr. Truett recently. He was happy and content to stay where he was she said.

Thomas Devereux, and his fiancee, Miss G. Pogue, are stationed near Addis Ababa. Dr. and Mrs. T. A. Lambe and Dr. C. F. Hollis, who went in to the interior recently are now back at Addis Ababa.

Lottie Blair, of Guelph is the only missionary who has had to return because of her health. Authorities of the Sudan Interior Mission said that none had thought of leaving on account of the impending war.

London—Three missionaries of the Sudan Mission left London for Ethiopia in answer to an appeal from Dr. T. A. Lambie, formerly of the Sudan, and director of two of his pits there. The missionaries are John Starling, Alan Webb and Harry Glover. They possess sufficient experience in medicine to help Dr. Lambie in his hospital work.

Putting An Idea Into Action

(Letter to Toronto Star) To the Editor of The Star, Sir: Briefly, the scene started in a city office where the six male members were in heated discussion over the actions of Italy. Three favored Britain's attitude in supporting the League, two were on the fence while one decidedly favored Italy. "Let them take land, if they want it," said number six. "They've got to expand, and there is lots of room in Africa."

After the discussion had ceased the first three got together, with the result that they arranged for two husky friends to call on Italy's supporters. While the two office men remained outside in case of trouble, the two huskies called on Mr. H. They gained admittance to his home and straightway stated "that as he had no family and had a large house, they required it for themselves. Their families were large, very large, so they needed a larger house. He could remain in it if he wanted but they would move in at the end of the month."

There was a lively word scene inside, with threats on both sides. And when the police were going to be called the front door was opened there were the two office men and the joke was soon out. Number six had been put in the position of Ethiopia and had appealed for help against the aggressor and he had changed his mind, and he was sent outside to admit it.

J.C.

Chronology Shows Growth Of Italo-Ethiopian Row

The following events trace the growth of the Italo-Ethiopian dispute:

Sept. 29—Italy's government issues dual statements pledging both Italy and Ethiopia to refrain from any acts of aggression and abide by 1930 friendship treaty.

Nov. 17—Italy protests attack by a mob on Italian consulate at Gondar, in which one Italian was killed and three wounded.

Nov. 28—Ethiopia pays indemnity of 1,650 lire (about \$123.54), after apology.

Dec. 5—Italian and Ethiopian troops clash near Warau.

Jan. 11—Ethiopia appeals to League for intervention.

Jan. 23—Italy blames Ethiopia for massacre of 37 in French Somaliland.

Feb. 1—Italy urges Ethiopia's status be changed from that of full member of League to that of a League mandate.

Feb. 11—Mussolini mobilizes 200,000 soldiers, and orders 50 airplanes to Eritrea border.

Feb. 13—Ethiopia charges Italian machine gunners attacked Ethiopian patrol January 29 near Gerogout.

Feb. 19—Italy and Ethiopia agree to establish neutral zone and appoint a boundary commission.

Feb. 21—Two thousand Italian soldiers board ship, starting months-long 4,000 miles to Eritrea.

March 19—League urges both nations to refrain from war.

March 26—Italians announce one Ethiopian killed in new border clash.

March 26—Ethiopia breaks off direct negotiations w/ Italy.

April 3—Ethiopia starts troops for Italian border.

May 4—Italy charges murder of Italian soldier at Gogua shows Emperor Haile Selassie unable or unwilling to maintain order.

May 24—League Council adopts resolutions, accepted by Mussolini, arranging arbitration.

June 3—Italy charges Ethiopians killed a number of Italian soldiers on May 21.

July 1—Anthony Eden reveals he has offered strip of British territory as peace gesture.

July 6—State department advises Americans to get out of Ethiopia.

July 9—Italy-Ethiopian conciliation commission adjourns indefinitely.

July 13—Secretary Hull urges observance of Kellog-Briand peace pact.

July 20—President Roosevelt indicates avoidance of issues like Italy, Ethiopia dispute his present policy.

July 21—Eden, Laval and Litvinoff fail to agree on League formula so

council meets in extraordinary session.

Aug. 3—Ethiopia, but not Italy accept League peace plan.

Aug. 9—Great Britain warns Britain to leave Ethiopia.

Aug. 13—Italy tells Great Britain military occupation of Ethiopia is Italy's minimum demand.

Aug. 23—Selassie offers Italy protection of Abyssinia.

Aug. 26—Mussolini warns sanctions mean war, threatening to withdraw from League of Nations.

Aug. 29—British Mediterranean Sea leaves Malta for strategic positions around Suez Canal.

Aug. 30—France M. Ricotti, British promoter, reveals Ethiopian exploitation concessions covering half the country to interests which include Standard Vacuum Oil Company.

Aug. 31—Great Britain asks concession to be withdrawn. President Roosevelt signs neutrality resolution to embargo arms of war breaks out.

Sept. 3—Secretary Hull announces oil company has withdrawn concessions.

Sept. 4—Italian delegates leave League Council session, refusing to discuss dispute on equal terms with Ethiopia.

Sept. 9—Cordial welcome of new Italian ambassador to Berlin awakes Franco-British fears of Italy-German understanding.

Sept. 11—Sir Ernest Hoare pledges British support of League covenant "in its entirety."

Sept. 13—Hull appeals to Kellogg signatories to observe their obligations. Small nations also promise to back League's covenant.

Sept. 13—League tells League assembly France will defend covenant obligations. South African delegate warns black Africa may be aroused by European African partition.

Sept. 17—Great Britain, dropping pretense at home that reaches Gibraltar and Mediterranean points, admits world's third largest fleet concentrating in danger zone as a precautionary measure, (only Japan and United States have larger fleets than those in Mediterranean area.) Haile Selassie refuses to accept any trip-protection.

Sept. 19—League Council adopts resolutions, accepted by Mussolini, arranging arbitration.

June 3—Italy charges Ethiopians killed a number of Italian soldiers on May 21.

July 1—Anthony Eden reveals he has offered strip of British territory as peace gesture.

July 6—State department advises Americans to get out of Ethiopia.

July 9—Italy-Ethiopian conciliation commission adjourns indefinitely.

July 13—Secretary Hull urges observance of Kellog-Briand peace pact.

July 20—President Roosevelt indicates avoidance of issues like Italy, Ethiopia dispute his present policy.

July 21—Eden, Laval and Litvinoff fail to agree on League formula so

United States has recently had something to say about the death toll on American highways that is of definite interest to us in Canada, since similar conditions largely apply here," writes the Montreal Star. The Council finds that the most disheartening factor of the present situation is that while all other types of accidental deaths have decreased, those caused by motor vehicles have steadily increased year after year. In 1919 the rate was 6.4 per 100,000 population; in 1923 it had increased to 17.16 per cent; and last year it mounted to the alarming figure of 21.5. There are almost one hundred deaths every day throughout the United States on the highways alone due to automobile accidents. In 1923 900 motor accidents in a year, 26,000 people were killed; 54,000 injured, and 165,000 disabled, with an economic loss, including property damage, of \$1,500,000,000.

The National Council, answering

the question, what are the underlying causes of the deaths, declared that the blame lies in the great majority of cases rests with the driver, whose carelessness is often, in nine out of ten mishaps chargeable to drivers, the cause was the great speed, and driving too fast was the dominating factor in the greater seriousness of accidents recorded in 1924. The greater speed and horsepower of modern cars has contributed materially to the predominance of serious smash-ups.

The council recognizes that the problem has become so big and too serious to be handled with any hope of success in a haphazard manner, or personally, but that the only way to bring down the death toll is by the united efforts and the co-operation of all parties concerned,—legislators, automobile manufacturers, motor vehicle administrators, highway engineers, traffic police, safety and school authorities—and the general public.

The situation in this Dominion is similar. There is no lack of any approach to unity of action or a universal code. Yet that could easily be brought about through an interprovincial conference and agreement. And it is becoming a vital necessity here, as in the States, to curb the steadily mounting percentage of fatalities through motor vehicle accidents.

THE MARKETS

Produce Prices

United Farmers' Co-operative Co. Saturday were paying the following prices for produce:

Eggs—With cases returned, "A" size, 3c; "A" medium, 2c; "A" pellets, 2c; "B" 3c; "C" 3c.

BUTTER—Ontario No. solids, 23½c; No. 2, 23½c.

HAY AND STRAW

No. 1 timothy hay, baled, ton, 51c to 51½c; No. 2 timothy hay, ton, 51c to 51½c; straw, wheat, baled, ton, 51c to 51½c.

WHOLESALE PROVISIONS

Wholesale provision dealers are quoting the following prices to the Toronto retail trade:

Pork—Ham, 3½c; shoulder, 3c; butts, 2c; pork loin, 2c; picnics, 2c.

Lard—Pure lardos, 15½c; tails, 16c; pellets 16½c; prints, 16c.

Shortening—Flowers, 19½c; tails, 11½c; pellets, 11½c; prints, 11½c.

Mr. Neville Barrowclough, of Tallith Hall, Cumbernauld, protested at the Cockermouth Royal Council today against regulations, concerning the colors of chimney pots. He was presented to be, to paint red, white and blue chimney pots on his house in order to make a test case against the authority of the Town and Country Planning Order.

The declaration was made after the Council Town Planning Committee recommended permission for certain buildings, on condition that the chimney pots harmonized with the tiles, to youth. They are run for the roofing material and ridge tiles. —
Report in Morning Post.

A. Jenkins.

Polish Tribute

General Gustav Orlicz-Dreszer, Inspector of the Polish Army, places wreath on tomb of the Unknown Soldier at Arlington Cemetery in Washington, D.C. He led official delegation.

Speed Blamed For Death Toll

Teaching Pupils To Avoid Slang

"The national Safety Council of the United States has recently had something to say about the death toll on American highways that is of definite interest to us in Canada, since similar conditions largely apply here," writes the Montreal Star. The Council finds that the most disheartening factor of the present situation is that while all other types of accidental deaths have decreased, those caused by motor vehicles have steadily increased year after year. In 1919 the rate was 6.4 per 100,000 population; in 1923 it had increased to 17.16 per cent; and last year it mounted to the alarming figure of 21.5. There are almost one hundred deaths every day throughout the United States on the highways alone due to automobile accidents. In 1923 900 motor accidents in a year, 26,000 people were killed; 54,000 injured, and 165,000 disabled, with an economic loss, including property damage, of \$1,500,000,000.

Teachers in London Ontario schools are undertaking the task of educating the pupils to improve their voices and avoid the use of slang, observes the Barns-Canadian Observer. It is an excellent mission that ought to repay its cultural achievement the time and energy spent on it.

Canadianas as a class, are backward in voice training. As a general thing, voices in this country are high-pitched and harsh; we have the nasal twang to quote a degree and away from home, as in Europe, we are classed as Yankees.

A large percentage of the population will be surprised and offended at such accusations. They have never thought of taking stock of their own voices. If they will do that, they will find that there is much room for improvement. As for the children at school, most teachers in the primary grades consider that they have enough to look after when they conform to the official curriculum. However, they have the best opportunity to influence their pupils to cultivate softer voices and to avoid the use of slang. The admonitions of the teacher usually make a permanent impression. It ought to be checked up on the use of slang, yet who can blame the youngsters, when so many adults are addicted to that practice?

It would be splendid if all teachers appointed themselves critics of the voices and languages of their pupils. It is a fine idea for a boy or girl going out into the world to have command of a nicely modulated voice and to be careful to use correct English on all occasions. How many young people are taking pains to assure themselves of such education. The school board ought to take steps to make instruction in these matters a regular part of the scholastic program.

"The Englishman is profoundly avowedly unconsciously patriotic; he is superficially rather superficial!"—O. K. Chesteron.

"Through all the changing ages known to history and science the essential elements of life have not changed."—Harold Bell Wright.

Hit With A Poker

Walter Harris, 54, a bailiff's officer in Toronto, went to a house to seize a washing machine on which payments had not been kept up. The man of the house resented the visit from the officer, and also resented the purpose of the visit. He gave vent to his resentment by hitting him on the head with a poker and now faces a charge in court.

It is not likely that the bailiff's officer or the bailiff himself in similar circumstances would receive much sympathy. It would cause no surprise to find that a number of people thought the man in the house did about the right thing. That feeling has shown itself a number of times, not only in cities but in bailiffs' sales on farms in this country and seems the like.

Plain fact is that the bailiff or any bailiff's agent is merely doing what the duties and functions of his office call for. He is merely the visible part of the process of law, and for that reason he is the one target which presents itself when some individual wants to register protest. In the case of the washing machine the person who took action in the first place would be the man who sold the machine and was not getting his payment. Or it might have been some creditor who had seized the machine for non-payment of other debts. But none of those people get hit on the head with a poker. Such treatment is reserved for the bailiff or his agent. — Stratford Beacon-Herald.

Blair was born in Winnipeg in 1908 and tips the scales at 185 pounds. He is a graduate of the University of Manitoba where he was a topnotcher in many sports.

Sport seems to be the great passion of this man. He is a star baseball pitcher, rugby halfback, sprinter and golfer. He has been with Toronto for some time now, however, there was talk of a trade to the Rangers, but lets him stay.

Marine insurance underwriters report that premiums for vessels plying through the Mediterranean in November is 16 per cent. For December passage through the waters over which war clouds are hovering the premium is 18 per cent—half as high again.

Tax Collections

Minister of National Revenues Reports Large Increases

Ottawa.—Income tax collections during the six months of the fiscal year ended

HAVE YOU HEARD

BEWARE THE COW

Warns Editor After Reviewing Magistrate's Judgment On Case

A new legal status has been given to that passive and productive animal, the cow. It is no longer necessary for this domestic quadruped to watch her step like the common herd.

A magistrate at Truro, Nova Scotia has delivered a judgement regarding the circumstances immediately antecedent to the untimely decease of a wandering bovine, upon which judgment the late Mr. Solomon could scarcely have improved. The cow was in the road. It was contacted (notch new expression invented by hustling salesmen).

The magistrate expressed himself as follows: "A man who does not stop his car when a herd of cattle is on the road is a menace and a fool."

He said also that no driver can determine what a cow is going to do and that the cows is therefore upon the driver. Nothing could be more true than the facts set forth in His Worship's final sentence.

Nobody knows what a cow is going to do; not even the cow. The motorist finds himself upon the horns of a dilemma. He wishes to pass the cow but he has no means of knowing just

where the cow will be when he arrives. He has little stomach for it, whereas the cow has four.

The driver has no preconceived antipathy toward the cow, indeed the milk of kindness may be in him. His ordinary sentiment in the matter of cows is one of good will and esteem. He has no desire to injure either hair or hide of the ruminant ruminating in the highway, but the cow, preoccupied with gastronomic problems peculiar to its field of activity, has a tendency to gyrate.

The cow, in moments of abstraction common to all deliberative mammals, college professors, etc., is subject to unpredictable and therefore unforeseeable vagaries of locomotion. These are distinctly embarrassing to the automobile driver, whose only safe course, particularly in view of this recent judgement, is to go back a few miles and detour.

It is difficult in the light of personal experience to completely stifle all sense of sympathy for the Truro offender who is thus left to chew upon the cud of his melancholy reflections.

But there is a point of great importance involved. A way out has been found for the ordinary human biped, who has no right of way. All that he has to do now is to look like a cow.

LEARN TO SKI!

In a neatly bound, handy-sized book "Learn to Ski" (Macmillan's Toronto) Hermann Haastman has given ski-enthusiasts the volume they have been looking for.

Mr. Haastman's method is the one that is now largely used in Europe, and has as its foundation the idea that everybody can, and should ski.

This theory of skiing is the ultimate outcome of years of experience gained by our greatest ski experts. Those pioneers in the realms of skiing have paved the way for later generations of skiers—the may now enjoy the advantages without the troubles experienced in breaking new ground. Mr. Haastman has set forth the lessons in simple, understandable language which is made yet more obvious by the many illustrations interspersed throughout the pages.

The author was born in Berlin, Germany, educated at the German Academy of Sports and Body Culture and is an excellent skier himself. He has lived for many years in Canada and has done much to further the interest of Canadians in this winter sport.

Teacher—Now who can tell me what happens in the stomach?

This had the class thinking for a moment. Then up went Norman's hand eagerly, very pleased that he knew the answer:

Teacher—All right, Norman, tell us what takes place in the stomach.

Norman—Stomach ache!

LEISURE: Leisure is time not devoted to labor on the part of one who has work. One who does not have work can have no leisure. He is idle; idleness is not leisure.

The two words are in no degree synonymous. Idleness is the hardest kind of work. Millions will testify to that fact—unproductive work that is destructive to morale.

Leisure may be a blessing or a curse—idleness is generally a curse.

Marcus (with hands over her eyes): "If you can't guess who it is in three guesses I'm going to kiss you."

She: "Jack Frost, Davy Jones, Santa Claus."

TOMBSTONE ADVERTISING: The following epitaph, which also is an advertisement for the deceased, was found in a Paris cemetery: "Here lies Pierre Victor Fournier, Inventor of the Everlasting Lamp, which consumes only one centime's worth of oil in one hour. He was a good father, son and husband. His inconsolable widow continues 'his business in the Rue des Trois. Goods sent to all parts of the city.'

Brown (who got a job as commercial traveller)—Since I started this travelling business I am my own boss.

Man—That's good.

Brown—Yes, I'm not taking orders from anybody.

Do You Know?

That newspaper, artificial silk and cellulose, all have the same parent—the wood pulp from our forest trees.

The most of all white wine vinegar is now made by trickling alcohol and water over wood shavings.

That anaesthetics were first used in 1846, the first being chloroform.

That the barbers used to be the surgeons during the middle ages.

That the diamond is the hardest material in the world but may be burned even as a piece of coal.

That the lowly milkweed could be made to yield rubber, oil, cloth, explosives, lacquers, and stock feeds.

That the skin of toad has been scientifically proven good for gout and that bee stings are good for rheumatism.

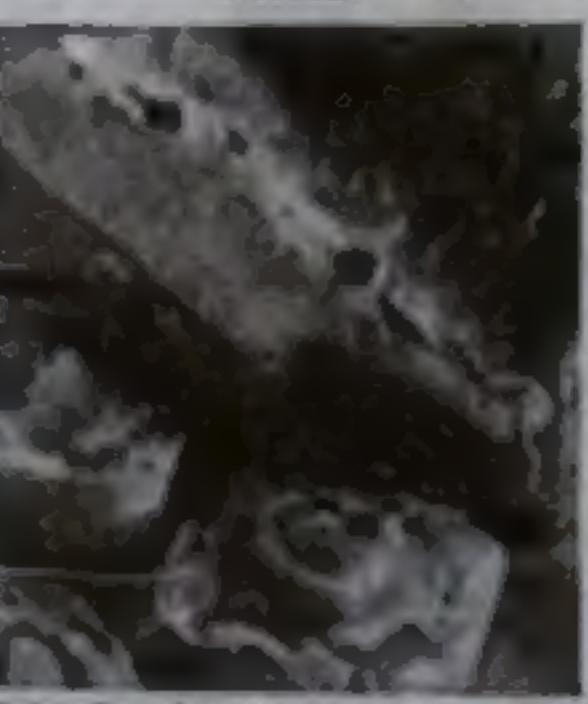

That previous to 1617 the druggist and grocer were one and the same person.

That the "fizz" in soft drinks or soda water is now made to a great extent by burning coal.

That sugar may be made from wood.

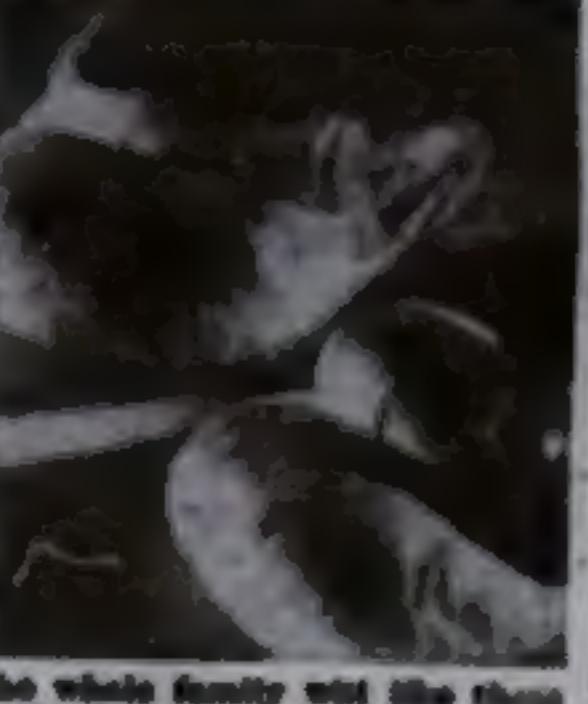

ROYAL YEAST CAKES

give you perfect breads, rolls, coffee cake and biscuits . . .

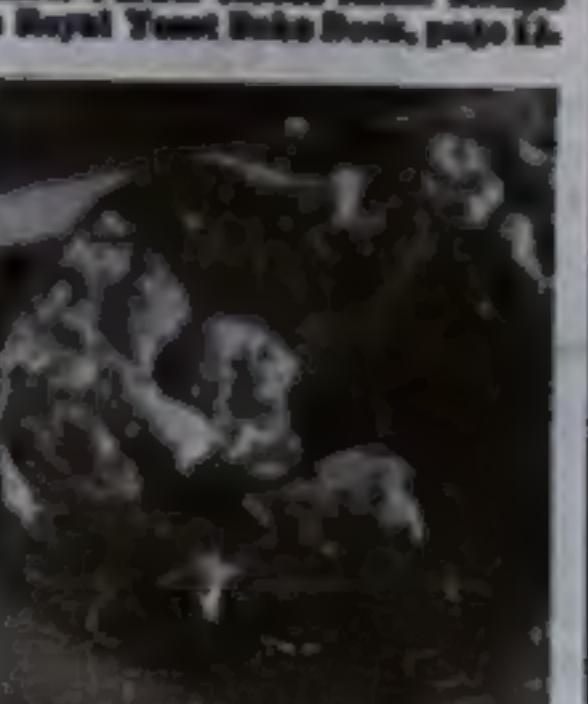

Royal Yeast Bread and Rolls

Illustrating variety to your menu. See page 12 of Royal Yeast Book for recipe.

The whole family will like these tender Parker House Rolls. Recipe in Royal Yeast Book, page 12.

It's easy to make this delicious Coffee Cake. Recipe on page 12, Royal Yeast Book.

LIGHT, tasty bread is largely a matter of perfect leavening. That's why it is so important to use dependable yeast. With Royal Yeast Cakes you can be sure of full leavening power every time. Each Royal Yeast Cake is protected by a special airtight wrapper. They keep in perfect condition for months.

Two Helpful Booklets . . . FREE!

The "Royal Yeast Book" tells about the art of yeast making and gives tested recipes. "The Royal Book to Success" explains how the regular use of Royal Yeast Cakes is a sure way to success.

SCOUTING

Here • There
Everywhere

A brother to every other Scout, without regard to race or creed.

For the Labour Day weekend annual Timiskaming-Cochrane district Scout Jamboree leaders and Scouts were present from Kapuskasing, Kirkland Lake, Cochrane, Iroquois Falls and South Porcupine. The Scouts camped Friday night and conducted activities all day Saturday, concluding with a big programme in the skating rink in the evening. A Scouts' own church service was held on Sunday. The trophy for proficiency in scoutcraft was won by the Kirkland Lake Scouts.

Good first aid work was done by a Salvation Army Scout when a cyclist, in a dense fog, ran into the rear of a car and suffered a sprained wrist and a bad cut on the forehead. The Scout, who declined to identify himself further than to say he was a member of the Cedarsale S. A. Scout Troop, and had learned his first aid under Brigadier Rufus Spencer of Salvation Army Territorial Headquarters, Toronto, secured ice from a nearby farm to make a compress for the sprain, and used his tie in improvising an effective head bandage. The incident was reported by the American motorist concerned, who was greatly impressed by the lad's efficiency.

Some 400 people attended a unique evening social held on the lawn of "Stop 10 School" under the auspices of the Welland Scout Group. The grounds were brilliant with many coloured lamps loaned by the Hydro Commission, and benches provided by the Church of the Open Door were arranged in a large semi-circle. The programme began with a series of wrestling bouts, and these were followed by a Scout camp fire programme which included the investment of four Cub and a Scout. Addresses were made by Chairman John Warren of the Board of School trustees and Reeve Frank H. Clarke of Thorold Township. The evening was declared the most successful ever held at Stop 10.

The Galt Council of the Knights of Columbus were hosts to 60 boys of St. Patrick's Scout Troop of Galt, St. Clement's Troop of Preston and the 1st Hespeler Troop at a corn roast on a farm some distance from the city. During the evening three Scouts who had passed Separate School entrance examinations with highest marks were presented with \$100.00 scholarships. The programme included a five-minute "amateur hour," coronet solo, Scout songs, and an address by A. D. C. Leonard Wheeler of Galt.

1935 Not So Wet

Rainfall Not Much Greater Than Average for Past Twenty Years

While the year 1935 to date has been termed "wet" by farmers and others, the rainfall since the first of the year has not been much greater than the average rainfall for twenty years back according to figures in the records kept by official weather observer, Alex. Abramson.

Since January 1 of this year a total of 17.29 inches of rain has fallen in Stratford—an average of 2.16 inches for each of eight months which have already passed. That total of course is not yet equal to the 1934 mark of 23.19 inches of rain but with four more months to go before the records officially close for the year, and less than six inches of rain needed to equal last year's mark, the chances are that rainfall for 1935 will pass the mark of last year which was a comparatively dry year.

Since 1915, the date from which records are available, the greatest amount of rain to fall in Stratford in one year fell in 1932 when 36.63 inches of rain was recorded. The lowest figure since 1915 was last year's mark of 23.19 inches.

Stratford's average rainfall for

the past 21 years, inclusive of 1935 and 1915, is 29.74 inches.

May Rainfall Highest

The month of May has been the month in which the greatest amount of rain has fallen. Other months have been wet enough but the highest rainfall figure for any one month was in May 1916 when 7.56 inches of rain fell. In May 1924, 6.55 inches of rain was recorded and the same month in other years has always shown a tendency to be wetter than other months of the year.

In the past 20 years rainfall has been well above the average of 29.74 inches. In 13 of the 20 years the rainfall has averaged over three inches above the 20-year average mark.

For six years the records show rainfall averaging four inches below the 20-year average mark and only one year has the precipitation been on par with the average.

The following are the figures indicating rainfall for each year, beginning with 1934 figure: 23.19; 24.89; 26.34; 23.72; 24.5; 22.32; 21.54; 20.35; 21.66; 27.21; 29.32; 26.63; 23.23; 20.56; 22.86; 30.61; 31.39; 26.86; 30.11. Figures for 1915 are available for only the five months from August to December, when Mr. Abramson took over the duties as weather observer and recorder.

There's no use refusing to let your wife have her own way; she'll get it anyway.

HIGH DESTINY FOR A TINY SEED THAT FELL ON A COWICHAN HILLSIDE

From the Victoria Times

They took two trees of the hillside of Cowichan Lake the other day and brought them down to the water's edge and shaped them to make nests for King George's yacht. They were Douglas fir, straight as an arrow for more than a hundred feet, clean and limbless most of their length, the kind of timber that only the Pacific Coast can grow.

We say this because, before the discovery of "Aspirin," most so-called "cure" remedies were advised against by physicians as being bad for the stomach; or, often, as not being good for the stomach; or, again, as being bad for the heart.

Remember this: "Aspirin" is rated among the fastest methods yet discovered for the relief of headaches and neuralgia, neuritis or neuralgia, and the discovery of "Aspirin" largely changed medical practice.

Countless thousands of people who have taken "Aspirin" year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: "Aspirin" is rated among the fastest methods yet discovered for the relief of headaches and all common pains . . . and safe for the average person to take regularly.

"Aspirin" Tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited. Look for the name Bayer in the form of a cross on every tablet.

TAG DAY TO ASSIST BLIND

(Continued from page 1)
sights may be continually served, and Prevention of Blindness activities maintained.

The St. Catharines Local Council of Women, supported by organizations of women in other towns of Lincoln, is again sponsoring the Annual Tag Day on Saturday, October 19th, and it is hoped that this effort on their part may be encouraged by private donations to their Campaign Funds.

St. Catharines Lions Club is co-operating with the Board as before, and it is hoped all other Clubs and Societies may assist to the fullest extent of their ability.

The financial support will help the blind in some one or more of the following special ways: — Teaching in Touch Reading and Handicrafts—The loan of Braille Books free—Employment in Broom Whisk and Basket Factories—Location and financing of Concession Stands for Blind Operators—Assistance to Blind Home Workers—Prevention of Blindness—Assistance and Relief where necessary—Administration of Free Radio Licenses and Theatre Passes—Supply of Radios and Radio Equipment at discount rates.

The cause is an eminently deserving one and it is anticipated that everyone will make as generous a response as possible to the appeal being made.

Three Months' Course
At Beamserville

The Ontario Dept. of Agriculture through the County Agricultural Office, H. F. Neff, Agricultural Representative is planning to conduct a three month school in Agriculture and Home Economics in Beamserville, beginning November 26th, 1935, and concluding on February 26th, 1936. The Hon. Duncan Marshall, Minister of Agriculture has approved of just seven courses of this kind, the other

courses being held at Dunnville in Haldimand County, Millgrove in Wentworth County, Palermo in Halton County, Winterbourne in Waterloo County, Milverton in Perth County and at Port Elgin in Bruce County. Lincoln County is fortunate in being one of the counties to hold a course of this kind and the young people of the county should take advantage of an education of this kind which could not otherwise be obtained unless a course were taken at the O. A. C. C. G. C. at very considerable expense.

In the winter of 1927-28, the first course of this kind was held at Beamserville and it was the most successful course which has ever been held in the county. There is no reason why this course should not be even more successful if the co-operation of all interested people in the community can be secured.

Lectures will be provided by the Ontario Department of Agriculture through the Agricultural Representatives and Women's Institute Branches at no cost to the municipality and accommodation is to be provided by the local municipalities at no cost to the Department, thus making it a truly co-operative effort.

In order to fully organize the district for this coming event, a meeting is being held in Beamserville Town Hall.

Thursday evening, October 17th, commencing at 8:00 o'clock. Junior Farmers and Junior Women, parents and other interested citizens are now cordially invited to attend this meeting and anyone is free to sit in.

"Not in the last ten years have I seen more ducks in Ontario than I saw this year. There seems to be little doubt now but that the generous rainfall during the northern breeding and feeding season has been something of a life-saver for American wildfowl." This was the comment of Watt L. Nicomont on his return home to Port Erie via the Peace Bridge Monday from his third and last trip of the year to the Vermilion lake country, in the Lake Superior area.

Ernest Great, wholesale butcher, was badly injured when his truck upset in a ditch in front of Vernon Coon's farm residence Thursday. He suffered a broken arm, face and head and was uninjured bodily.

There is a sharp turn just below the hill where the accident occurred. The neighbour had considered trouble getting his load of hogs rounded up.

The Week's News of
The Surrounding District

BEAMSVILLE

Fire drill at the public school last week surprised even the drivers themselves when, after the alarm was sounded, all rooms were emptied in 22 seconds—nine better than a year ago. One lad turned out in his stocking feet, leaving them off to rest his feet, before the gong sounded. All rooms but the one on the west side of the smaller school responded with alacrity, the gong being farthest away from this section of the school and the sound failed to carry the alarm to them.

At a special meeting of the village council Omar Cosby was appointed to the position of Chief Constable. Mr. Cosby is a former conductor on the Hamilton Grimsby and Beamserville Radial, a position which he held for 20 years.

About \$100 damage resulted Sunday east of Jordan, when autos driven by Raymond Cook, of Jordan and Arthur Marjoram, of Toronto, collided. No charges will be laid by Provincial Constable D. H. Darby.

The funeral of the late William Jones of Cilton township, who died on Friday morning, took place on Saturday afternoon, with interment in Prospect cemetery, Toronto. He is survived by his widow.

Among the resolutions passed at the meeting of the Lincoln County Public School Teachers Assn. were the following:

"Resolved that a uniform detailed course of study be prepared by the department of education to define and clearly indicate the order and matter to be covered each month by each class in each subject."

"Others were: "Resolved, that a text book containing more exercises in arithmetic, grammar and composition be prepared. A variety of model compositions would be appreciated," and "Resolved, that this convention assembled vote its sincere appreciation at having G. A. Carefoot, county inspector, with us again."

Mr. Carefoot, county inspector, with us again."
